## HOYNE'S FOES TAKE FIGHT DOWNSTATE

## P. H. O'Donnell Asks True Bill at Joliet.

Joliet, Ill., Oct. 19.—Enemies of MacLay Hoyne transferred their fight against him to Joliet when Attorney P. H. O'Donnell appeared before State's Attorney Robert W. Martin and presented evidence by which he hopes to secure an indictment against Hoyne and his assistants on charges of conspiracy and subornation of perjury by a Will county jury.

O'Donnell went before the state parole board and asked it to investigate the acts of certain paroled convicts whom he charges with committing burglary and larceny while on parole. One of the men is Isadore Wexler, member of the "million dollar burglar trust." He then went to the office of State's Attorney Martin and presented affidavits and confessions from five convicts and ex-convicts, which he says contain evidence that Harry A. Berger, assistant state's attorney, protected members of the trust, last April, and received money from Nathan Steinberg and Maurice Klein.

Extravagance.

The democratic mass meeting at the opera house Wednesday evening was attended by an audience which filled the lower floor and over half of the balcony and which frequently during the addresses, broke forth in applause. Prior to the meeting the Chamber of Commerce and Moose bands played on the streets.

W. B. Brinton, President of the Dixon Chamber of Commerce, presided at the meeting in his usual happy manner. Ex-Gov. David I. Walsh of Massachusetts was the first speaker. He defended President Wilson's record, urging his election for three reasons at least: The enactment of the Child Labor law, the enactment of the income tax and the claim that Wilson kept us out of war. He declared that if Hughes is elected president the nation will again be plunged into a conflict of some kind.

Governor Dunne was the second speaker and he devoted his time to an attack on Lowden's affiliations and a defense of his own record. The day fair with slowly rising temperature.

## THREAT OF SUICIDE IS PROVEN A BLUFF

T. N. CHILDS, STERLING MAN  
WHO LEFT NOTE, IS SEEN  
IN CHEYENNE.

## WAS "IN BAD" FINANCIALLY

Sterling, Ill., Oct. 19.—A letter received from Frank Walzer, who is moving to California, contains the announcement that he ran across T. N. Childs, formerly of Sterling. Childs was supposed to be dead, for he wrote to Sterling parties a year ago that he was going to jump into the Chicago river near a certain bridge. The letter was generally considered a bluff and his discovery by Mr. Walzer at Cheyenne was correct.

It will be remembered that while in this city Childs was general agent of this district for the Peoria Life Insurance Co., with headquarters in Sterling. It is said he spent money with a free hand while here. Then he got into financial difficulties. It was discovered that money he had collected had not been turned into the proper channels, bad notes turned up at various banks and an investigation followed. He was arrested and returned to Sterling but somehow made his escape and efforts to find him failed.

Then he sent a letter to Sterling in which he said he could not bear the shame and was going to end it all by jumping off of one of the bridges over the Chicago river. Many believed the story but more did not. The man even went so far as to write another letter to certain parties in Sterling telling of the awful deed contemplated and some believed him dead. He left a wife and two children in Peoria.

Mr. Walzer says he saw Childs and spoke to him but the latter did not seem anxious to talk very much and appeared badly scared when recognized. The two met in a hotel in Cheyenne but Childs did not stay long after the meeting. Mr. Walzer was not mistaken in the man for each was in the insurance business in Sterling at the same time and had dealings together of a business nature.

## MISS PARKER VICTOR; WAS AWARDED \$8

JURY HOLDS HER CLAIM GREAT-  
ER THAN THAT OF HER  
UNCLE.

Miss Daisy M. Parker of Harmon was victor in the suit brought against her by her uncle, Linn Parker, in the verdict returned by the jury in circuit court Wednesday, the jury awarding her \$8. The case was for an accounting. Mr. Parker claimed the girl was indebted to him in the sum of \$361 which he had expended for her when as an orphan she made her home with him. The young lady presented an offset claim for work done for her care and for income from her property in Vermont which she says her uncle secured. The offset amount was \$8 more than Mr. Parker's claim, hence the jury found for the defendant.

## REPUBLICAN WOMEN NAMED CHAIRMEN

RAIN MADE POSTPONEMENT OF  
TODAY'S EVENT NECESSARY  
—GO FRIDAY.

## WAS "IN BAD" FINANCIALLY

Plan To Make Day Great Success —  
All Races for Day Have  
Big Entries.

The second day's races of the Amboy Derby, to have been held at the Lee County Fair grounds at Amboy today, will be held tomorrow. Racing will start at 2 p. m. tomorrow. There will be six running races and the entry list is so large and of such a high quality that the races Friday will be much better than those held Wednesday.

The merchants of Amboy will close all stores at 1 o'clock Friday afternoon. Big crowds are expected from all over this part of the state.

In the first race of a half mile tomorrow there will be seven starters, second race three-quarters with seven starters, third race five-eighths with six starters, fourth race one mile with seven starters, fifth race five and one-half furlongs with eight starters and the sixth race will be the half mile run between Lee county horses.

The Chamber of Commerce band will furnish music during the day and the Marquette orchestra will play for a dance to be held in the opera house in the evening.

## Yesterday's Races.

The races yesterday, which were attended by about 3,000 people, were the best ever pulled off in northern Illinois, and were the first events of the kind ever witnessed by many of the spectators. Every event was close, and with the jockeys all driving hard some great finishes resulted.

## WILSON SPENDS 12 HOURS IN CHICAGO

## President Drives Through Streets in Open Auto.

Chicago, Oct. 19.—President Wilson was in Chicago twelve hours. He made three speeches. None of the meetings which he addressed were of an avowedly political nature.

Mrs. Ella Flagg Young, former superintendent of the Chicago public schools and an internationally known educator, introduced the President to an assemblage "for women only" at the Auditorium theater at 4 o'clock. Miss Jane Addams of Hull House, whose health forbids active participation in the program, sat in a stage box with the wife of the President.

The President rode through the streets in an open motor car. His routes were known to the public in advance, so that the thousands who were unable to hear his speeches had an opportunity for a close-up view of the executive and the first lady of the land.

## HATCH MAKES GREAT RECORD

Mark by Nearly Four Hours.

Chicago, Oct. 19.—Sidney Hatch broke Al Corey's record for the run from Milwaukee to Chicago. His time was 14 hours 50 minutes and 30 seconds, and the distance he covered was 96.4 miles. Corey's record was 18 hours and 23 minutes for ninety-one miles. Hatch ran the first ninety-one miles in 14 hours and 10 minutes.

### BACON ANSWERS WILSON.

One of the most scathing criticisms of President Wilson's political attitude, and of his foreign policy has been made by Robert Bacon, secretary of state in President Roosevelt's cabinet, and one of the best authorities on international law in this country.

It takes the president to task for the daring demagoguery of his statement made at Shadow Lawn, that republican success meant that the country would turn to a policy of war.

Mr. Bacon addressed an open letter to the president, challenging him on this attack on his fellow citizens. In part it follows:

"The statement that a large number of your fellow citizens, because they condemn your weak, vacillating policy, wish to plunge this country into the horrors of war, is preposterous.

"American soldiers acting under your orders were killed by the soldiers of Carranza. What reparation will there be for the loss of the lives of these young men who were following out your commands, but who should never have been sent on this expedition?

"You have said that you would not 'butt in' in Mexico. The phrase is your own. How do you explain, then, twice sending American troops into that country? Will you continue to permit the shipment of arms and ammunition to Carranza, as you permitted, then refused, then permitted shipments to Villa?

"How can you justify your policy of indecision—of a step forward and then a step back—when, while you have been waiting, more Americans have been killed in Mexico than were killed during the war with Spain?

"To seek to make political capital out of the fact that we are not at war with some European power is to mislead the calm judgment of the people. Washington, John Adams, Jefferson, Madison, Polk, Lincoln and McKinley were our presidents when this country was at war. Shall we condemn them and praise our other presidents whose administrations were blessed with peace?

"The contention that you or the democratic administration has kept this country out of war is specious and unfounded, in fact. Vacillation, timidity, weakness in asserting our rights, inability to perform our duties, confusion of words, a constant change of attitude, threats unsupported, cannot possibly keep this nation or any other out of war. It is the fear of those who will vote against you that such conduct of our foreign affairs will inevitably lead us into war. A strong, determined, clear policy can alone preserve for this country the respect of other nations, which will insure peace.

"It is unworthy to assert that a large number of your fellow men, Americans of undivided allegiance, of whole faith, of sublime trust in the honor and righteousness of their country, would seek to plunge the United States into the horrors of war. Such a statement you must know to be false. If a million votes were to be yours for making such a mis-statement, if you believed it to be the only way to win a desperate cause, you should scorn so to misrepresent the people of a country which has elected you to its highest place of trust."

### THE TARIFF AND THE FARMER.

The democratic tariff law transferred most of the farmer's products from the dutiable to the free list.

Of 22 agricultural products 17 were placed on the free list. The others were reduced 60 per cent. Cattle, wool, beef, mutton, corn, eggs, milk and cream were made free.

During the fiscal year 1914 or rather in the ten months peace period of the Wilson administration preceding the war, compared with a corresponding period during the preceding republican year, the imports of certain agricultural products increased from \$72,694,000 to \$174,622,000. In three months during the fiscal year 1914, according to the democratic boast, the imports of cattle increased from 112,000 head to 341,000 head; corn from 253,000 bushels to 4,450,000 bushels; meat from 865,000 pounds to 35,000,000 pounds.

Wheat declined in prices 15 cents a bushel; corn declined 10 cents. The price of cattle and sheep went down. The cost of living at the same time went up, or at least remained the same for the consumer.

The Corn Products company and the Standard Starch Company bought much of the imported corn. Most of the beef was imported from South American plants of the Chicago packers. In the same fashion the revenue lost to the country on free sugar went to the sugar refiners, not to the people.

Will this situation be restored after the war?

### ATTEND THE REPUBLICAN MEETING.

Ladies especially are urged to come to the republican meeting at the Dixon opera house tonight. Col. Lowden, our neighbor, all of the state candidates and Congressman McKenzie will be present and tonight will be the only time during this campaign when such an array of prominent men will be in this city. This is your chance to see the men who will represent and rule the state of Illinois during the next administration.

### WILSON AND THE WOMEN.

The "Campaign Text Book" of the National Woman's Part, says: "Vote Against Woodrow Wilson and the National Democratic Candidates. Their party has opposed the National Suffrage Amendment extending political freedom to American women. A vote for the Democratic party is a vote against justice to women." How about it, ladies?

Dixon welcomes Col. F. O. Lowden, the next Governor of Illinois, and the rest of the state ticket, to Dixon tonight.

If you do not hear "Billy" Mason speak tonight, you miss a rare treat.

**You know that we're pretty strong for Hart Schaffner & Marx clothes; and after a man once wears them he knows the reason why we are.**

**Whether you know these goods or not, it may be a good idea to tell you just what we base our strong approval on. We think we know something about clothes, and we're important enough as distributors of good clothes to make every maker of clothes eager to sell goods to us.**

**We choose Hart Schaffner & Marx clothes to sell because of the way they're made. That means more than the best of fabrics; all wool, foreign and domestic weaves. It means more than fine tailoring, careful workmanship. It means more than expert style designing. The latest ideas carried out in clothes.**

**There are other makers who could, if they chose, do all these things that Hart Schaffner & Marx do. The market for fabrics, for skilled labor, for artistic designers, is a free market. There's more to it than the free access to materials and fine workers.**

**There's the idea of the makers in their work; the producing of fine goods because they want to do the best; the spirit of craftsmanship, that makes a man proud of the thing he does, because he did it for his own approval.**

**These clothes are different, and that's the chief thing that makes them different; and it's the chief reason why you ought to wear them; it's to your advantage, rather than for ours or theirs.**

**Our clothing values right now are better than ever—the adoption of the "No-Sale" plan here, has made this "greater value to you" possible. These suits and overcoats at \$15, \$19, \$22, \$26.50 are values that compel your attention—see them.**

**ITALIANS CARRY NEW POSITIONS**  
(Continued from Page 1)  
Thaw Is Not Killed.  
Paris—Wm. Thaw, American aviator in French service, who was reported killed, is alive and well.  
London, Oct. 12.—The Italians have won a new success against the Austrians, carrying, by a swift and powerful blow the last Teuton defense line between Comagno and Roite, in the Mount Pasubio sector.  
This success is announced in an official statement reaching here from Rome. The statement further asserts that the Austrian lines north of the summit of Mount Pasubio have been stormed.  
Italy to Continue Drive.  
Following closely on the announcement that the Somme offensive would be continued throughout the winter giving the Germans no rest on the western front, is a semi-official report from Milan that General Cadorna the Italian chief of staff, also plans to keep up his blows against Trieste all winter long if necessary.  
Thus the Germans and Austrians will be forced to meet at least two strong offensive even if the closing in of cold weather prevents the Russians from continuing their drive in Volynia and Galicia.  
The announcement of General Cadorna's intention comes in dispatch from Milan, which quotes the semi-official Il Secolo. "Wear down the Austrian" is the watchword on which the offensive will be carried out.  
Says Italy Conceals Losses.  
Berlin makes the charge that the Italians are concealing their losses in their official statements. Reports from Vienna are quoted to the effect that on the Carso plateau during the last two weeks the Italians have suffered a series of "terrible" defeats.  
It is in this region that the Italian offensive against Trieste sprang into renewed life after a lull following the capture of Gorizia. The Italians have reported heavy fighting but no extensive gain has been announced in the last few days.  
Italian Offensive to Go On.  
Paris, Oct. 12.—The correspondent of El Secolo at Italian headquarters reports the Italian offensive will continue unceasingly throughout the winter with the object of driving back and wearing down the Austrians.

**PHILIPP SENDS IN THE NEWS**  
Governor Hasn't Forgotten How to Handle Telegraph Keys.  
Milwaukee, Wis., Oct. 12.—Governor E. L. Philipp labored as a telegraph operator for more than an hour to "help out" some of the newspaper men who accompanied him on his campaign tour.  
It had been many, many years since the grizzled station agent had sent a message of more than ten words. He doubted if he could make the "dead line." "Give them to me boys, I guess I haven't forgotten how to handle the key yet," said the governor. With only two "breaks," the governor clicked off the several hundred words. Many years ago Governor Philipp was a small town station agent.

**DEMOCRATIC MEETING**  
(Continued from page 1)  
theme of his address was his slogan "Can Money Buy the Governorship." He lined Lowden up with Wall street and all the big financial interests as claimed Lowden was responsible for the wages paid the Pullman Co. employees. He charged that Lowden, if elected, would appoint men friendly to the interests of the Utilities commission. The governor also blamed the publican members of the General Assembly for the extravagance of his administration.  
Tells of Colony.  
Hon. Fred J. Kern, chairman of the State Board of Administration, was the next speaker. He spoke of the present administration's work among state institutions and claimed many notable reforms. He spoke at length concerning the epileptic colony here, saying that it will be the greatest institution in the state and one of the finest in the country.  
District Attorney.  
U. S. District Attorney Chas. Clyne of Chicago was the last speaker, devoting his time almost entirely to an attack on Medill McCormick, republican candidate for congressman-at-large. He criticized McCormick for his attacks on the extravagant appropriations of the Dunne administration when he himself was a member of the General Assembly which passed them.

**WHEAT REACHES TOP NOTCH**  
It Goes Highest Since 1898 When Leiter Cornered the Market.  
Chicago, Oct. 12.—Memories of the exciting days of the Leiter corner in wheat on the board of trade were revived when prices for that cereal jumped to the highest notch touched since 1898, when the young "wheat king" was handling the market. Prices of flour, in accordance with the upward boost of wheat, also went skyward and quotations showed a rise from \$9.90 to \$10 a barrel, with prospects of further increases to \$10.25 to \$11 a barrel in the near future.  
December wheat sold up to \$1.68 and closed at \$1.66½, a net gain of 2½c for the day, while May sold up to \$1.68½ and closed at \$1.67¼ to \$1.67½, an advance of 2½c to 2¾c.  
Chicagoans Killed as Auto Overturns.  
Hammond, Ind., Oct. 12.—William B. Hinchey and wife of 1415 Estes avenue, Chicago, were killed in overturning of their automobile near Shelby, twenty-five miles south of here. An accident to the steering gear is believed to have caused the accident. Mr. and Mrs. Hinchey are believed to have left Chicago early in the day for a run to Indianapolis.

## CONSTANTINE URGED TO ABDICATE THRONE

Entente Allies Will Establish Powerful Posts in Athens.

London, Oct. 19.—The Athens correspondent of the Daily Chronicle reports that the King's advisors have counseled him to abdicate and flee.

The exact whereabouts of the King is not known. Greek officials declare, however, that he is at his summer palace at Tatoi.

The seizure of the Greek navy and the landing of the strong forces of French and Italian sailors and marines in Piræus and Athens have brought about a situation more dangerous than any other that has existed in Greece since the war began.

It is believed that General Sarraïl, the commander-in-chief of the Anglo-French armies in the Balkans, will establish powerful military posts in Athens and the other chief cities of Greece at once.

## A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother, If tongue is coated, clean little liver and bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children must be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child to-morrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

Attend the big republican meeting tonight at the opera house. Everybody invited.

## SOUTH ROCKED BY EARTHQUAKE

Violent Tremor Is Felt in Many Cities.

### HURRICANE PRECEDES SHOCK

Wind Blows 100 Miles an Hour—Many Persons Believed Killed—Birmingham, Ala., Is Chief Sufferer—Chimneys Topple and People Rush from Buildings into Streets.

New Orleans, La., Oct. 19.—Pensacola, Fla., suffered the brunt of the hurricane which swept in from the Gulf of Mexico at the rate of over 100 miles an hour and although the town is cut off from communication with the outside world by wire the wireless brought the news that one person had been killed in the city proper and two were reported killed on the outskirts. The damage will run between \$500,000 and \$1,000,000.

Birmingham, Ala., Oct. 19.—The Birmingham district felt a severe earthquake at 4 o'clock. Many chimneys were rocked and thousands poured from their doors after the shock.

Louisville Feels Tremor. Louisville, Oct. 19.—A slight earth shock was felt over a wide area in Louisville at 4:05 o'clock. Police reported that tall buildings noticeably were rocked downtown, while in the outlying districts pictures swayed and chinaware rattled.

Shock General in South. Atlanta, Ga., Oct. 19.—Reports reaching here show that an earth shock felt in Atlanta at 4 o'clock was felt generally throughout the southeast. Overturned chimneys were reported from some districts, but there was no news of serious damage anywhere.

Hurricane Sweeps Mobile. Mobile, Ala., Oct. 19.—Reaching a maximum velocity of 110 miles an hour, a tropical hurricane, passing inland from the Gulf of Mexico, swept over Mobile with terrific force, raging for about two hours before it began to subside.

One life was lost in Mobile, a negro woman being killed by a live wire. The river steamer Charles May was sunk and the schooner William H. Davenport was driven ashore near One Mile creek.

The steamer James A. Carney, sunk during the July hurricane and recently raised, was partly sunk again. The bay steamer Apollo went aground on Sand Island. Passengers were removed by a launch. Numerous ships and launches were driven ashore or sunk.

Telephone and telegraph communication with Birmingham and Pensacola and passenger and freight traffic into these cities has been cut off by the hurricane. The gale was estimated as blowing from ninety to one hundred miles an hour.

Shipping Gets Under Way. New Orleans, La., Oct. 19.—The United Fruit company and other shipping firms ordered outbound vessels, here until the storm passed, to proceed on their voyages.

### REPORTS WM. THAW KILLED

Yale Senior Declares American Aviator With France Is Lost.

New Haven, Conn., Oct. 19.—William Thaw, a former Yale student, who has been with the aviation corps of the French army since the outbreak of the war, has been killed in action, according to word received here by S. S. Walker, a member of the senior class at Yale. No details are given. Mr. Thaw, while in college played on the freshman and was later on the varsity football squad.

Pittsburgh, Oct. 19.—Inquiry at the office of Benjamin Thaw, the father of Lieutenant William Thaw, brought the information that neither Mr. Thaw nor any member of the family had been notified of William Thaw's death, and they were inclined to doubt the authenticity of the New Haven report.

### HUGHES CARRIES PRINCETON

Wins Straw Poll by 138 Votes—1,300 Cast Ballots.

Princeton, N. J., Oct. 19.—Charles Evans Hughes, Republican nominee, carried Princeton university in a straw vote held here by the Daily Princetonian, defeating Wilson by 138 votes. Nearly 1,300 students cast their ballots.

In a similar vote taken last spring Wilson was high man. At that time, however, the Republican vote was split in three directions.

### ITALY HAS FAST WARSHIP

New Type of Vessel Three Times as Fast as Great Liners.

Rome, Oct. 19.—Italy now possesses a type of warship whose speed is three times as great as that of the greatest transatlantic liner, according to the Giornale Italia.

The sea trial of the first of these ships to be completed was witnessed by a correspondent of the paper. Three others are being built. All of the new vessels will use oil fuel.

—All particular housewives use white paper for the pantry shelves and bureau drawers. 1c a sheet at the Evening Telegraph office.
